Much Esteemed Friend
of Humanity

If I remember right
some time since you intimated to me
that - George Thompson - (the Philan-
-thropist of Europe - and Citizen
of the World -) would visit this
country - If his expenses could
be paid - Mankind - generally and
particularly this Nation owe a debt
of gratitude to Geo Thompson which
can never be paid - Faithful among
the Faithless - peculiarly blessed of Heaven
with rare talents - a large heart that
can grasp nothing short of the whole
Human Family - a Manly Firmness -
not to be frownd down or put ~~down~~
aside by the frowns or favours of
designing and mistaken or wicked
Men - He - seems eminently qualified for
the great and good ^{works} in which

He is now and has been so long
Successfully engaged - as a humble
citizen ^{among} the Grateful People of
this Nation and in their behalf
and through them as an Officer
of the Map Antislavery Society -
for in any other form you may
choose (Provided my Individuality
is kept out of view - not that I
shrink from Responsibility - but I deem
the invitation should come through
your Society -) I will bear the
Thompson's Expenses to this Country
and back to the Native Country
Provided He can be induced to visit
this Land Once more - do see -
what can be done in this matter
If in your Judgment it is prac-
ticable

Believe me your sincere Friend

Edwina Harris
